

UCPIE Adaptive Bike Program Application

United Cerebral Palsy of the Inland Empire’s adaptive bike program purchases/provides adaptive bikes for individuals with mobility disabilities such as cerebral palsy residing in the Inland Empire. Bikes are provided by UCPIE and presented to qualifying applicants. Please note if your application is approved you will be placed on a waiting list for an adaptive bike. Bikes are awarded based on funds that UCPIE raises throughout the year. When UCPIE has enough funding to purchase a bike a number is drawn blindly from the bike waiting list; the number that is associated with that child/individual (participant) will receive an adaptive bike. UCPIE will contact parent to arrange for measurements to be taken to custom build the adaptive bike. Submit your application to: United Cerebral Palsy of the Inland Empire, 42-600 Cook St. Suite 201, Palm Desert, CA 92211. You can also submit by e-mail in PDF/Word documents to shae@ucpie.org.
